EXPERIENCE

President *Society of Women in Technology (SWITCH)*

NYU Steinhardt; New York, NY — Apr 2020 - present

- Call all meetings of the Membership, preside over Board and general meetings, plan and coordinate events to be sponsored by the organization, represent and appoint representatives, delegate responsibilities
- Develop and implement processes for social platforms and content creation, design and reconfigure website
- Market and network, inter- and intra-departmentally, to foster organization's growth and sustainability
- Under my leadership, the membership grew by 66.6% from May of 2020 to September of 2021

Sound Engineer *Yoga for Life Studio*

Port Townsend, WA — Mar 2020 - present

- Sound design, mix, and master weekly audio yoga sessions, create and implement distribution processes
- Technical moderating for live yoga streaming

Assistant Engineer *Arf! Mastering/Aerial Sound*

New York, NY — Jan 2020 - Sept 2020

- Assist on mastering sessions, setting up and cataloging signal processing for recall
- Quality check final masters before delivery, ensuring high quality deliverables without digital artifacts from processing, exporting, or conversion, troubleshoot zoom class structure, compose public relations posts

Webmaster/Circulation Manager *Port Townsend Leader*

Port Townsend, WA — Sept 2017 - Jun 2018

- Oversaw logistical aspects of circulations including researching strategies for subscription drives, tracking subscriptions, and resolving circulation issues
- Established and managed circulation budget, processed payments and notices, generated financial reports
- Notarized legal ads as certified notary for Washington state, proofread and booked classified and affiliate ads
- Maintained business website using BLOX content management system and managed e-edition subscriber accounts

Assistant Program Manager *Global Visionaries*

Seattle, WA — Aug 2013 - Apr 2014

- Developed and delivered polished and concise mass communication for program participants and parents
- Advertised program through social media and solicited donor and alumni contributions, resolved inquiries, maintained student and parent portals
- Managed student Environmental Team: scheduled volunteer events, booked educational presentations, researched and recommended reading materials, and organized and implemented weekly curriculum
